

Proud National Distribution Partners of Weidmüller in Australia

Leading the way with products, solutions and services in the
industrial environment of power, signal and data.

National Distributors of

Weidmüller 

apsindustrial.com.au

Exclusive National Distributors

APS Industrial are the only National Distributors of Weidmüller products and solutions in Australia with exclusive local access, stockholdings and technical support of the extensive range.

POWER SUPPLIES

With their individual families of switched-mode power supply units, Weidmüller always deliver the adequate supply - coordinated to the specific requirements of your machine or system.

INDUSTRIAL ETHERNET

Weidmüller offer modular Industrial Ethernet plug-in connectors, which can be combined to drastically reduce the assembly time you need for tool-free wiring in the field.

SURGE PROTECTION

Surge protection devices from Weidmüller safeguard systems against fire or electrical destruction and protect people from injury.

RELAYS

With decades of technical expertise and a broad understanding of the market, Weidmüller offer high-quality relay modules and solid-state relays meeting all current and future market requirements.

MARKING SYSTEMS

Through a process of continuous improvement, Weidmüller have developed a unique, complete labelling solution consisting of software, markers and printers.

TOOLS

The best way to achieve a perfect result is with products and tools from the same source, designed to work together - and the extensive range of Weidmüller tools from APS Industrial offer just that.

TERMINALS

Be it simple handling, more space in the panel or time savings during installation, Klippon® Connect provides you with numerous benefits in your process through an application range and a universal range.

MUCH MORE!

APS Industrial have access to the full range of Weidmüller products and solutions to form your first choice when it comes to servicing your varied project needs!

Extensive Local Stockholdings

APS Industrial is headquartered in Melbourne and in addition, has a national network of offices in Adelaide, Perth, Sydney and Brisbane supported by strategic local stockholdings and expert technical and application knowledge. This is just another way we ensure you get the product you need sooner and get the technical support you need when you need it.
