

PERFOREX CUSTOM MODIFICATION

QUALITY

FLEXIBILITY

COMPLIANCE

CUSTOM FROM STANDARD

MODIFICATION PROGRAM FOR STEEL, PLASTIC AND STAINLESS STEEL WALLMOUNTS, JUNCTION BOXES AND LARGE ENCLOSURES

As the national distributor of Rittal enclosures, we realize that you may have a project that demands something different. Our APS Modification service may be the solution.

Small, medium and large enclosures can be cut out to your specification and whether it is a cut out for a fan and filter, push buttons or multi-pole connectors, our Perforex machine and skilled modification team will modify to your exact specifications.

To place an order, reference the Rittal part number (xxxx.xxx) and attach the necessary drawings. We accept files in Eplan, DWG, DXF, or Rittal Configurator formats.

Please ensure that all cutouts, holes, and thread specifications are clearly indicated.

FANS & FILTERS

INTERNAL ASSEMBLY

CABLE MANAGEMENT SYSTEMS

ACCESS PORT & FLAPS

AIR-CONDITIONERS

PLINTHS

CUSTOMISATION IS A NECESSITY FOR MOST INSTALLATIONS

Provide us with detailed drawings and explanations outlining which accessories you need and where you want them.

We'll install:

- | Fans and filters
- | Heat exchangers
- | Air conditioners
- | Partial doors
- | Cable Management Systems
- | Wiring Plan Pockets
- | Partial Mounting Plates
- | Chassis and Support Rails
- | Lights and switches
- | Conduit and Cable Glands
- | 19" Installations
- | APS Supplied Push Buttons and Switches
- | Access ports/flaps

If no location is specified, we'll install accessories in default locations for the following:

- | Plinth/base/legs
- | Doors and walls
- | Handles and inserts
- | Roofs and cover plates
- | Full-size mounting panels
- | Inner doors

FAST AND RELIABLE MACHINING AND ASSEMBLY SERVICE

MODIFICATION CENTRE

When it comes to industrial enclosures, one size does not fit all. Each application is unique, every industry has its own demands and requirements, and companies striving to compete on a global stage or in a variant-rich marketplace must be flexible and agile to respond to unpredictable market forces.

APS's commitment to industry-leading products and services goes beyond supplying modular enclosures. We offer best-in-class custom modifications that not only help companies meet the demands of their industry but also aid in better understanding their business potential and goals by reengineering their value chain.

This is where APS's value proposition as a partner in the industrial enclosure and automation space becomes clear. Simply put, we supply the most efficient and durable enclosures on the market, and we customize them to exact specifications in a cost-effective and scalable manner.

STATE-OF-THE-ART EQUIPMENT

Perforex MT2201S:

A 4-axis CNC machine renowned for its precision and Reliability.

Automated Machining:

Ensures accuracy and consistency in every cut.

Wide Work-piece Holder:

Perfect for handling fully welded enclosures.

VERSATILE CAPABILITIES

Hole Drilling:

Perfectly positioned and accurately sized holes.
